AZ Women's Partnership
c/o Paula Cullison
13058 N Surrey Circle
Phoenix, AZ 85029

Dear Paula,

We are pleased to report that the \$2,000 grant awarded us by the AZ Women's Partnership has been completely disbursed. With your generous gift, we were able to touch the lives of children and families in moments of great need. Below, we detail a few examples of how the funds were spent:

A single mother of two (a 3 and a 9-year-old) lives with very minimal natural supports and low income. Her children's clothes were ill-fitting hand-me-downs and not weather appropriate, and both children had very poor dental hygiene. With funds from the AZWP grant, both children received new winter clothing of appropriate size and new warm shoes, stress balls to help regulate anxiety symptoms, and new toothbrushes that vibrate for the recommended time to brush teeth.

A single mother of two (a 5 and a 7-year-old) who has Serious Mental Illness (SMI) and is currently living in an area shelter were provided with winter clothing and other needed supplies which was tremendously helpful for mom to adequately take care of her children during this challenging time.

We were also able to purchase supplies for our Little Connections Preschool, a Trust Based Relational Intervention (TBRI) focused group that works with behaviorally dysregulated children aged 0-5 on skills of managing emotions and building healthy and safe connections while learning preschool curriculum. Additionally, we purchased sensory items for our Chino Valley office, to be used with clients and parents during therapy sessions as part of modeling and teaching clients and families how to use sensory system to calm their bodies.

We are extremely grateful for the support you've shown us, and the way your funds enable us to make these kinds of moments possible in our clients' lives.

With appreciation,

Tamara Player, LCSW
Chief Executive Officer
