Hello Arizona Women's Partnership, INC,

On behalf of the Control Alt Delete board and the survivors your donation has and will impact; I want to say thank you for your generosity and commitment. Your **\$2,000 & \$750 grant** was used to help Arizona women escape domestic abuse. Control Alt Delete works closely with Victim Advocates, prosecutor offices and crisis response teams to help at the most vulnerable time; as Survivors escape. By providing **one time assistance** to remove the barriers that keep Survivors in unsafe domestic violence situations we are working to create a Society of Survivors. Think about that and the impact your generosity has had.

These women and children, each and every one of them are safe because of your generosity. You may never meet any of the Survivors you have helped but they will never forget each and every one of you that made their escapes possible. Think of the ripple effect this will have now and for years to come.

Here is how your generous grant helped:

34 High Lethality Risk escapes from domestic violence in Arizona.

34 women

77 children & 14 pets – are all now safe!

Each of these escapes needed a hotel stay to ensure their safety. A hotel stay in an escape is needed for a variety of reasons such as waiting on an OOP (order of protection), getting security measures in place, police trying to locate the abuser, coordinating travel to safety.

Your generosity is literally saving lives,
